ReNu Solar worked with us to erect solar panels in the best location and to jump through all the hoops to make solar generated power happen. They handle all of the details, all of them. One goal accomplished; satisfaction sustained when monthly electricity bill ...

I had Renu install my solar system installed in December of 2022, up and running early 2023. I am very happy with how the system operates, everything is as expected there, On the customer service side though, when we signed our contact in July of 2022, we paid extra to have a tree that is blocking part of our panels trimmed back to maximize sunlight.

ReNu Solar & Roofing, getting our badge of an Average Performer, maintains a presence across 1 state, supported by a third-party rating of 4 or less. They do not have a high level of local community trust, earning 3.8, according to our expert evaluation. This badge means they are somehow reliable, but you need to pay more attention to what they have to offer. ...

ReNu Solar made the process of installing solar panels very easy. Their sales representative, Brittany Jacoby, was extremely knowledgeable, did not put any pressure, and was able to customize an array that would both maximize solar capture and not break the bank with panels that wouldn"t get that much exposure and reduce the return on investment.
