Over a decade ago, Aruba moved toward renewable energy by allowing homes and businesses to install solar panels and connect them to the national grid. Elmar, the island"s utility company, placed a cap--10 kW for residential and 100 kW for commercial installations--to manage growth without overloading the grid.

THE POWER OF SOLAR ? The nine solar panels installed on the roof of our Aruba Renewable Lodge generate up to 80% of the lodge owner"s hot water needs...
