Barbados vitol power

Does Vitol have a power plant in the UK?

In 2013,Vitol invested in its first power plant,VPI Immingham in the UK. The combined heat and power plant (CHP) is one of the largest of its kind in Europe,capable of generating 1,240 MW and up to 930 tonnes of steam per hour which is used by nearby refineries. The gas-fired plant provides approximately 2.5% of UK peak electricity demand.

Who is Vitol?

For over 50 years Vitol has served the world's energy markets. As a displacement fuel, gas will be a key part of the energy transition. A strong and experienced power trading team in the world's largest markets. We are determined to be an active participant in the energy transition. For our story, what we do, how we work, why and who we are.
