Cleaning really can be that simple: With the VC 6 Cordless ourFamily vacuum cleaner, vacuuming becomes a real joy. The many smart features include 1-click dust container emptying, boost function, ergonomic design for cleaning in hard-to-reach areas, and LED lights on the active floor nozzle, which makes the dust more visible and guarantees reliable dirt pick-up.

Due to its low self-discharge rate the battery will be fully ready for operation even after a year of storage. The long battery life and high durability, low weight and current parameters are the reasons why these batteries are used in leisure vehicles and campers, in boats and in photovoltaics providing power to homes using solar

panels.

At Renewable Living, we provide advanced solar battery systems that not only store the energy generated by your solar panels during the day but also ensure that your home or business ...
