Our Servicetool - the tool for the wholesaler. Download the BMZ Service Tool now +49 (0) 6188 9956-9830 E-mail: cs.bigpack@bmz-group.com

How does ESS Z work?

Energy can be selectively fed from the inverter to the grid or to the energy storage system. Energy can be retrieved when the need is there: in the evening, at night and at times when the sun is low. With the ESS Z system, solar power users become more independent of electricity prices and use their self-produced green power when they need it.

What is BMZ service tool?
