Bslbatt price Bosnia and Herzegovina

What is a bslbatt battery?

BSLBATT 48V 5.12 kWh batteries are widely used in grid-connected or off-grid solar battery storage systems,and can be extended to any large-scale home or commercial system. Using the latest LiFePo4 battery,LiFePo4 battery life cycle is much longer than other types of lithium batteries,reducing maintenance costs in use.

How many kWh is a bslbatt lithium ion battery?

It has an impressive 5.12 kWhbattery capacity,but more importantly,it also boasts a 15 Year Cycle Life,which is twice that of lead acid technology. The BSLBATT 48V 100Ah lithium ion battery is protected against over-voltage and short-circuits with IP23 protected shell.

Who is bslbatt?

As a leading manufacturer and supplier of lithium batteries,BSLBATT has consistently been at the forefront of the transition to renewable energy. Over the past years,we've delivered high-performance,cost-effective solar lithium battery solutions for residential and commercial energy storage. for Energy Storage. Meeting BSLBATT Face-to-face!

What is a BSL battery?

BSL battery cells are manufactured with the most advanced technology meaning the cells have the lowest levels of resistance. A constant charge/discharge cycle is just a normal day for solar and battery applications.

Why should you choose bslbatt®?

Industry-leading warranties and technical expertisewith the ongoing support for your project requirements. BSLBATT® have spent many years developing the protocols and working with major manufacturers around the world to be able to offer a solution that can be used with most of the well-known inverters on the market!

Can bslbatt® batteries be intagrated with a hybrid solar inverter?

BSLBATT® batteries can also be intagrated with many hybrid solar inverterswhere the battery and solar inverets are combined in an all in one system offerign great flexibility. Industry-leading warranties and technical expertise with the ongoing support for your project requirements.

The BSLBATT B-LFP48-300PW is a fully integrated energy storage and management solution for 15 kWh batteries. Up to 30 units can be used together for additional capacity. The 48v lithium ...
