Colombia hollandia solar

Who is Hollandia solar?

Hollandia Solar is a system designer and integrator of Solar systems. Originated more than a decade ago in The Netherlands,Hollandia Solar belongs to the Hollandia Group which designs and manufactures its products in-house by the name of Hollandia Power. Hollandia Solar has offices all over the world.

Does Colombia have solar power?

In the first renewable energy auction for the country,over 1 GW of wind power was awarded in 2019 for a 15-year power purchase agreement from 2022. Colombia has significant solar power resourcesbecause of its location in the equatorial zone,but the country sits in a complex region of the Andes where climatic conditions vary.

How much wind power does Colombia have?

Colombia has an estimated theoretical wind power potential of 21 GW just in the Guajira Department --enough to generate sufficient power to meet the national demand almost twice over. However, the country only has an installed capacity of 19.5 MW of wind energy, tapping only 0.4% of its theoretical wind potential.
