Covering various scenarios, it provides support for camping, off-road travel, home emergencies, and more. Being versatile and expandable in capacity, it"s the all-in-one solar generator to power your life.

Yes, you can charge an RV battery with a solar generator. In fact, many RVers use solar generators as an alternative power source to charge their RV batteries. By connecting your RV"s battery to the solar generator through a charge controller, the solar panels will convert sunlight into DC power, which will then be stored in the battery.

Jackery is launching the new modular Jackery Solar Generator 5000 Plus with many excellent features, including lightweight design, expandable nature, and smart app controls. It"s one of the lightest indoor generators to ensure you and your family stay connected, powered, and secure even in unexpected power outages.
