Our 100,000+square foot retail stores offer a large selection of the latest electronics,fashion and home products. Curacao ranks among the top 100 Electronics and Appliance Retailers in the U.S.

Do you know about electrical outlets & power supply in Curaçao?

When planning your trip to the beautiful Caribbean island of Curaçao, it's essential to know about the local electrical outlets and power supply to ensure that your electronic devices and appliances will work smoothly during your stay.

Is Curacao a real company?

Curacao (pronounced Koo-ra-sao), formerly La Curacao, is a large-format retail store chain and finance company with export, travel and money transfer services. Founded in 1978, Curacao is headquartered in Los Angeles with retail locations in California, Arizona and Nevada. The company operates under the legal name Adir International, LLC.

Do I need a power converter in Curacao?

Curacao uses a voltage of 127/220 V and a frequency of 50 Hz. If your home country uses the same voltage and frequency,you will not need a converter. However,if your home country uses a different voltage or frequency,you will need a power converter to ensure your electronic devices operate safely and correctly.

What voltage is used in Curacao?

In Curacao,power plugs and sockets (outlets) of type A,type B and type F are used. The standard voltage is 127 /220 Vat a frequency of 50 Hz. Curaçao is a beautiful Caribbean island known for its stunning beaches,turquoise waters,and vibrant culture.

What type of plug does Curaçao use?

Curaçao standard current outlets provide 110-130 Volt at 50Hz. The standard plug type is a two-pin 'Type A' power plug as used in the US. Some devices are designed to operate at both 110V and 220V,but please check in advance. It is wise to bring a plug adaptor for other plug types,but they can also be bought on the island.
