Regarding the batteries. Between your Deye manuals and literature you have a document regarding Lithium Mode settings. It"s a list with most LiFePo4 battery brands and what lithium mode to use with each brand and battery model. Also with your LiFePo4 battery you again have a list regarding the settings of those small red and white dip switches.

Many devices used both at home and work, such as computers, watches, cameras, and cell phones, use lithium batteries. Additionally, batteries are used in electric vehicles and golf carts. If lithium batteries aren"t stored properly, they can be a fire hazard. Therefore, you must ensure that your lithium ion battery storage is right.
