The M9538 is a 100A eight channel power distribution unit, PDU. Each channel of the PDU contains a solid state circuit breaker that is fully programmable for trip current limits, on/off control, channel sequencing, BIT, voltage and current telemetry. The M9538 input range is nominally 28V but can support between 6 to 33V and is designed to meet MIL-STD-1275, MIL-STD-461 and ...

Founded in 1980, Enercon Group, Inc. provides the petroleum and maritime industries with a full range of consulting, technical and training services around the world. Whether you are a major oil company, ship owner / operator or a small business owner, finding the expert services you need is essential to meeting your business objectives. At Enercon Group, Inc. we have the knowledge ...

The MILTECH 1000 is a series of MIL-STD media converters that connect 10/100/100 copper to fiber. Orderable options include the use of the 100 as a powered device (PD) or power source equipment (PSE), and the number and ...

The MILTECH24FO is a small MIL-STD, fully managed military grade network switch with 24 1Gb fiber optic ports. It can be remotely managed to optimize communications and prioritize critical information traffic. Advanced network feature, include switching protocols, virtual LANS (VLANS), traffic prioritization (QoS), and bandwidth aggregation are standard.

The MILTECH 918 is an 8 port ethernet switch which can be remotely managed to deliver Layer 2 switching to optimize on-vehicle communications traffic prioritization between IP-based devices such as communication and navigation systems, sensors, video cameras and targeting systems.

Enercon Group is an engineering company whose purpose is to offer comprehensive and high quality engineering solutions. With energy management currently being at its all time high globally, our primary focus is geared towards ...

The M7019 DC to DC power supply is a Single Output, high density, highly efficient military grade rugged DC to DC converter capable of delivering up to 100W output power. Features include; High efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The DC input range is 18V - 48VDC.

The M4012 is a rugged, highly efficient, military grade 3U VPX 28V DC to DC PSU card that provides six outputs per VITA 62 and is capable of delivering up to 350W of output power with 9-15 Joules of holdup for MIL-HDBK-704-8, LDC201 requirements. Features include: conduction cooling, reverse battery protection, internal EMI filters. The DC input range is 18-50V per MIL ...

Enercon group Palau

Enercon Technologies Ltd is a leading designer and manufacturer of military power, PDU and rugged networking solutions for a wide variety of military applications, including avionics, UAV"s, aircraft, C4ISR, electronic warfare, ground vehicles, radar arrays, missiles and anti-missile defense, surface ships, submarines and more. We offer Mil-Grade power supplies, power ...

Enercon Group - Pty Ltd, Maseru, Lesotho. 484 likes · 2 talking about this. Enercon Group (Pty) Ltd is a fully Basotho owned, turnkey company that offers a wide range of building services, ...

The M4094 is a 3U form factor VPX DC-DC power supply that converts power from the MIL-STD-704 270Vdc bus to deliver the 12Vdc and 3.3VAUX supplies required by SOSA(TM)-aligned systems. Up to 800W output power and EMI filters included. Using the new VITA 62.2 connector system, the proper clearances are provided to avert creepage issues and corona at high ...

Enercon group can offer you solutions for combined ways of heating and hot water, as well as for remote control. More. ... The company Enercon is active in the Study and Implementation of Energy Applications. In the twelve years of our involvement in the field of energy, having the appropriate staff and the knowledge required, we can provide ...

The M7525 DC/DC power supply is a Single Output, high density, highly efficient military grade rugged DC to DC converter capable of delivering up to 800W output power. Features include; High efficiency, low noise, internal EMI filters and can support parallel operation for higher power applications. The DC input range is 18V - 48VDC.

M9547 series is a 16-channel power distribution unit, designed for airborne and ground applications. It distributes 28VDC through overload and short-circuit protected switches. The M9547 series supports Ethernet communication to control, configure and ...

The M3169 is a military AC to DC power supply. This rugged converter accepts an AC input range from 85 to 265VAC, 50/60/400Hz. It provides a single DC output from 3.3V to 300V, up to 1000W with custom outputs available. The M3169 is based on the popular M169 AC to DC Power Supply for airborne, UAVs and ground mobile applications. Designed as an IP67 unit (to withstand ...

The MILTECH 9022 is a rugged, MIL-STD 1U rack-mountable Layer 2 Ethernet switch with dynamic routing supporting 12 X 10/100/1000Mbps ports and 4 X 1G/10G fiber ports. Designed for MIL-STD-810F, MIL-STD-461E, MIL-STD-1275B.

M1012 is a military grade rugged 1.25kW/1.5kVA full double conversion on-line 1U UPS. It has internal modular design, which allows it to be easily tailored to almost any customer requirement, while delivering stable, regulated and protected output voltage for the load. Several UPS units can be connected in parallel to support higher loads (up to 6 units for 7.5kW/9kVA total), or in 3 ...

The MILTECH 1000 is a series of MIL-STD media converters that connect 10/100/100 copper to fiber. Orderable options include the use of the 100 as a powered device (PD) or power source equipment (PSE), and the number and types of Ethernet and fiber connections.

The ENERCON PRA Group provides expert reliability and risk-related services, with decades of experience in new PRA development, model upgrades, hazard assessments, Engineering Change (EC) evaluations, and industry peer and F& O closure reviews. Our team is at the forefront of performing risk-informed applications like SFCP, RICT, RITS, 10 CFR 50 ...

The ENERCON PRA Group provides expert reliability and risk-related services, with decades of experience in new PRA development, model upgrades, hazard assessments, Engineering Change (EC) evaluations, and industry peer and ...

Enercon Group is a proudly Basotho owned turn-key engineering firm working to provide professional services in line with international quality and good practice standards. We provide design ...

Enercon Technologies Europe AG Military-Grade power and networking solutions ITAR & CE. We offer Mil-Grade AC DC, DC DC power supplies, VPX Vita 62, UPS, rugged switches, routers, USB HUBS, media converters and custom solutions for military applications. Our power and communication solutions designed for harsh environments and meet military standards such ...

Welcome to ENERCON Group, your trusted partner in waterproofing and energy conservation solutions. With head office in Florida, USA and regional presence in Europe and Middle East, we specialize in supplying top-tier waterproofing ...
