Enevia green energy solutions Isle of Man

Will intermittent renewables be profitable for the Isle of Man?
It is unlikelythat the export of intermittent renewables will be profitable for the Isle of Man given the reasons outlined in this document. The Isle of Man currently imports all of its energy from the UK (with the exception of what is produced from Sulby).

Can electricity be decarbonised on the Isle of Man?
Electricity generation is responsible for approximately 33% of all greenhouse gas emissions on the Isle of Man, and a majority of this is currently sourced from fossil fuels (natural gas). Without the decarbonisation1 of electricity, it will not be possible to reduce carbon emissions significantly in other areas such as heating and transport.

Why should you go green on the Isle of Man?
go green promote clean energy technologieson The Isle of Man. Reduce your environmental impact,one carbon-footprint at a time. Air Source Heat Pumps (ASHP). At a price which does not cost the earth,go green today.

Does the Isle of Man import energy from the UK?
The Isle of Man currently imports all of its energy from the UK(with the exception of what is produced from Sulby). In all future models,the Isle of Man remains dependent on GB for the provision of baseload. This is the case even where capacity is increased by building excess renewables,as the stabilisation is still provided by interconnectors.

Can Isle of Man export electricity to GB?
There is also limited opportunitiesfor Isle of Man to export electricity to GB,due to the excess capacity of renewable generators expected to be in operation by 2050. Isle of Man assets also have an 11% CAPEX uplift compared to equivalent UK installations,due to labour,available skill-set,transport and economies of scale.

Where does the Isle of Man electricity come from?
The majority of the Isle of Man's electricity is currently sourced from fossil fuels. The interconnector is a source of carbon neutral electricity on island and also provides a route to export electricity to the GB Market.
