Extend the battery life of any Muddy trail cam with this sustainable charging solution. Sol-Paks features a 12V amorphous solar panel that works in low light conditions, weather-resistant construction, and a long-lasting 1,000 mAh lithium-ion battery. Mounts easily via durable nylon strap and serrated brackets. Includes 10-ft. cable.

Make a simple AA external power pack and run alkaline AA"s in the camera and the external pack. This would double my battery life and still be cheaper than using lithium AA"s. The con is that they are both single use throwaway batteries. Use a lead acid external 12v battery and run a wire from the battery on the ground up to the camera.
