What is HomeSun?

About HomeSun. Imagine a future where every home is powered by green, affordable electricity from solar panels on rooftops. That's our mission. Sustainable energy shouldn't be a luxury but an easily accessible right. We want every UK rooftop generating solar electricity. All households with more freedom from the whims of big energy companies.

Who can use the HomeSun solar service?

The HomeSun SolarService is available to any homeowner. We will carry out a free home survey (remotely) to make sure your property and roof are suitable for solar panels,and we will use this information to design the optimal solar system for you. We will also run a credit check as part of the application process,after receiving your approval.

Does HomeSun solar service cost a lot?

No,there's nothing to pay up front with the HomeSun SolarService. You lock in your price for the first 12 years (with no inflation),and you pay one fixed monthly payment. You don't pay any additional fees for solar maintenance services or replacement of parts either.

Why should you choose HomeSun?

All households with more freedom from the whims of big energy companies. Solar power and battery storage easily available and affordable. At HomeSun we're committed to doing what we're best known for: lighting up homes with rooftop solar - thousands of them, in fact. And nothing's going to stop us now. The path to solar can seem daunting.
