India dawnice lithium battery

How long do dawnice lithium batteries last?
?10+YearsLifespan? Dawnice Lithium batteries use Grade A battery cells,6000+cycle times,which is more than 10 times comparing with Lead-acid batteries (usually only last for 300-500 cycles).

Why should you choose dawnice solar energy storage battery?
To Strive Forward No Energy Waste. Dawnice is a top solar home energy storage battery and industrial and commercial energy storage battery factory located in China. We insist on using high-standard A-grade lifepo4 cells, protective board and other accessories to ensure that our products can give customers the best experience.

Why should you choose dawnice?
Dawnice will continue to provide customers with more reliable energy solutions in the future, so that Dawnice's products can illuminate the world. To Strive Forward No Energy Waste. Dawnice is a top solar home energy storage battery and industrial and commercial energy storage battery factory located in China.

How many production lines does dawnice have?
Dawnice has 5fully automated production lines,and focuses on independent R&D and production. 80% of the engineers on the job have worked in the lithium battery industry for more than 10 years.

How many patents are there in the lithium battery industry?
In the lithium battery industry,more than 100technical patents have been obtained,including more than 70 core patents,more than 20 invention patents,and more than 10 product innovation technology awards. Residential storage batteries and commercial solar storage are our core products.
