How did Italy respond to the energy crisis?

Eligible households automatically received a bonus to help alleviate the burden of rising energy bills. ENI's Claudia Squeglia commended Italy's response to the energy crisis, highlighting the nation's achievements in securing energy supply, avoiding blackouts, finding new energy sources and suppliers, and shielding consumers from price spikes.

How can Italy promote biofuels and biomethane?

While the IEA has already commended Italy's efforts to promote biofuels and biomethane,SNAM's Giulia Branzi has outlined three key areas where Italy could introduce policies to further enhance its efforts. One is hydrogen,where Italy has the opportunity to establish national-level hydrogen certificationto expand the market.

Does Italy need a second-generation smart meter?

Mr. Scanziani commended Italy for a very high penetration of second-generation smart meters, noting that their usage could be improved and policies that help consumers use electricity when it's better for the system should be introduced.

Is electrification possible in Germany and Italy?

Mr. Scanziani responded,noting that Germany has had incentives for heat pumps in place for a longer duration,while Italy has recently accelerated its adoption,installing 350,000 heat pumps in 2021. Giulia Branzi from SNAM emphasised that electrification is entirely feasibleand achievable with current regulations.
