Luxembourg gaf energy roof

The NEW Timberline Solar(TM) roofing system from GAF Energy is changing the way roofers sell and install solar. One sale. One installation of solar energy and architectural shingles. And GAF warranties are available to cover it all. All you need is your nail gun and your know-how.

A GAF Energy solar-integrated roof is THE low-profile alternative to solar panels. While the average solar panel has a depth of 1.4-1.8 inches, GAF"s solar technology blends into your new roof with a depth of less than ¼ of an inch.
