North Korea firma ballard power

Who is Ballard Power Systems?

Commencement of a joint program between Ballard, General Motors and the US Department of Energy for the development of a fuel cell powered passenger vehicle. Development of a 5 kW fuel cell stack. Ballard Power Systems Inc. is incorporated in British Columbia, Canada. Development of the first Ballard fuel cell stack operating on pressurized air.

Who is Ballard fuel cell company?

Ballard becomes the first fuel cell company to power buses for more than 10 million cumulative kilometers of revenue service. Strategic partnership formed with Zhongshan Broad-Ocean Motor Co., Ltd. of China. Formation of a joint venture with Guangdong Nation-Synergy Hydrogen Power Technology Co. Ltd to produce fuel cell stacks in China.

What is Ballard's partnership with Doosan fuel cell & hyaxiom?

Doosan Fuel Cell and HyAxiom's hydrogen fuel cell vehicleofferings will integrate Ballard's core PEM technology in its powertrain. This agreement brings together global leading companies to collaborate on a turn-key solution for mobility customers including the development,manufacturing and sale of PEM hydrogen fuel cells vehicles.

Who is Ballard fuel cell & hyaxiom?

The MOU was signed on April 27 th,2022 at HyAxiom headquarters in the Connecticut,U.S. Ballard is a Canadian company with industry leading PEM fuel cell technology. Doosan Fuel Celland HyAxiom's hydrogen fuel cell vehicle offerings will integrate Ballard's core PEM technology in its powertrain.

Why should you choose Ballard's fuel cell power products?

Benefitting from our vertical integration - ranging from Membrane Electrode Assembly (MEA),bipolar plates and stack design to complete system integration - Ballard's fuel cell power products deliver proven durability,reliability,and high power density with the lowest total cost of ownership. Explore our fuel cell products.

Is Ballard a stock?

Ballard listed on the Nasdaq Stock Market. Ballard fuel cell stack achieved a power density of 700 watts per kilogram. First fuel cell bus presented by Ballard in Vancouver,Canada. Collaboration agreement between Ballard and Daimler-Benz for the joint development of a compact,high power density fuel cell stack.

Ballard Power Systems has signed a long-term supply agreement with Canadian Pacific Kansas City (CPKC) for the supply of 98 fuel cell engines, each with a 200kW ...
