Opes solution Aruba

Where are Ops Solutions located?
Business &Product development are located in Berlin and Shanghai. The research and development partners of OPES Solutions include the Fraunhofer Center for Silicon Photovoltaics. Innovation needs validation in the field. Our field trips help us understand how people use our solar panels and how we can further improve them for #EnergyAccess.

What certifications do Ops solutions have?
OPES Solutions soon became the first manufacturer globally to obtain IEC 61215/61730certification for the full range of off-grid solar modules,even as small as 0.9 Watt. In the same year,we obtained the QEHS certificate based on ISO9000,ISO14000,and ISO34000.

What makes Ops a great supplier?
In particular, we appreciate having a supplier that does not require constant supervision to ensure product quality is maintained. OPES is one of those rare manufacturing success stories where a focus on the customer, patience and a commitment to ongoing improvement pays off.

Solar technology company OPES Solutions and Europe"s leading motorhome manufacturer Westfalia have developed a powerful solar solution for vehicle-integrated photovoltaics for camper vans. This is the first time that ...

Recognizing the immense potential and growing demand in the transportation sector, we founded OPES Solar Mobility to drive efficient solar-supported transportation solutions. Our solar module factory for the automotive industry ...

HOchflexible Automatisierung Unsere patentierten Automatisierungslösungen erreichen einen hohen Durchsatz bei konstanter Qualität und bieten Flexibilität für unterschiedlichste Anforderungen. Umfangreiche Erfahrung Seit 2012 spezialisieren wir uns auf kundenspezifische Solarmodule, da dieses Segment von der Solarbranche nicht genügend bedient wird. Wenn ...

OPES Solutions and Westfalia: Vehicle-integrated photovoltaics enter series production . Solar technology company OPES Solutions and Europe"s leading motorhome manufacturer Westfalia have developed a powerful solar solution ...

Opes Solution offers a unique combination of creativity, insight, and experience that allow our clients to be among the organizations that are leading healthcare forward We assist health systems, physician practice groups, payers and life sciences companies in designing, developing, and implementing integrated, technology-enabled solutions that create high-performing ...

Opes solution Aruba

Off-Grid Solar. Solar panels are the most efficient way to provide energy to people who are not connected to a (reliable) grid. Off-Grid Solar transforms people"s lives and has a sustainable economic, social and environmental impact.

OPES Solutions, führender Hersteller kundenspezifischer Solarmodule, hat eine nachhaltige Lösung für die solare Fahrzeugintegration auf den Weg gebracht: Solarmodule auf Basis von recyceltem PET aus Meeresplastik. Dafür hat das Unternehmen einen neuen...

Erfahrung mit einer Vielzahl von Anwendungen. OPES Solutions entwirft und fertigt Solarmodule für Anwendungen in verschiedenen Branchen, wie z.B. Solar Home Systeme, Fahrzeugindustrie, Mikromobilität, Beleuchtung, Verkehrstechnik, Tracking-Systeme, IoT und Branchen, in denen die Integration von Solar bisher nicht möglich war.

OPES Solutions is an innovator and a technology, quality and market leader in the off-grid solar industry. We design and manufacture various types of solar panels that are suitable for a wide range of applications - including industries ...

Healthcare IT Staffing for the Healthcare Industry Solutions Opes keep up with the changing marketplace conditions in technology and healthcare, providing complete core services to Large and Mid-sized healthcare payors and delivery systems. We support and enable core capabilities like Claims Processing Care Management Provider management Service platform Sales and ...

Solar technology company OPES Solutions and Europe"s leading motorhome manufacturer Westfalia have developed a powerful solar solution for vehicle-integrated photovoltaics for camper vans. This is the first time that large solar panels are part of the...

Berlin, 02.09.2021 - Solar panel manufacturer OPES Solutions and Fraunhofer Center for Silicon Photovoltaics CSP have developed a flexible standard solar module for vehicle integration. SolFlex is based on crystalline solar cells and achieves around 30% more power per square meter than current flexible modules that use thin-film technology.

Opes Solution is a technology-agnostic IT company providing Managed Services, Consulting, and Staffing needs in the industry. We are a leading global specialist in information technology, specializing in delivering world-class, customer ...

Berlin, 01. September 2023: The upcoming Euro 7 emissions standard and mandatory CO2 savings targets - the transportation industry faces an urgency to reduce emissions and push the electrification of vehicles. OPES Solar Mobility, a joint venture between solar module specialist OPES Solutions and a German family office, is developing the fitting technical equipment for ...

Since our foundation twelve years ago as OPES Solutions, we have been manufacturing custom solar

modules, consistently pursuing our vision to fully leverage the power of photovoltaics: to generate electricity exactly where it is consumed. With over 12 million solar modules worldwide, we have enabled applications to sustainably power themselves ...

OPES Solutions | 204 ?Leading manufacturer of custom solar panels for energy access, self-charging devices and sustainable mobility. | OPES Solutions is a leading manufacturer of custom off-grid solar panels. The company designs and produces various types of solar panels suitable for a wide range of applications, including industries where solar was ...

Since our foundation twelve years ago as OPES Solutions, we have been manufacturing custom solar modules, consistently pursuing our vision to fully leverage the power of photovoltaics: to generate electricity exactly ...

The technology company OPES Solar Mobility has selected the location of its new solar factory. In the German town of Zwenkau, solar technology for vehicles such as trucks, motor homes and buses is produced ...

OPES Solutions, führender Hersteller kundenspezifischer Solarmodule, hat eine nachhaltige Lösung für die solare Fahrzeugintegration auf den Weg gebracht: Solarmodule auf Basis von recyceltem PET aus ...
