I have two of the Overkill Solar 12v 4s 120 amp BMS (plus a spare). They have been working great. I''m looking at building a couple new batteries so I need a set of BMS. Initial thought was to stay 12v, but with the amount of PV I may install, 24v may be a better option. The Overkill 8s BMS doesn''t have the same out of production message.
