Who owns 100 megawattspeak solar power in Vietnam?
Vietnam,March 6,2023 -- SP Group(SP),a leading energy utilities group and sustainable energy solutions provider in Singapore and Asia Pacific,announced today that it acquired 100 Megawattspeak (MWp) of solar power assets in Vietnam.

Why is SP Group based in Ho Chi Minh city?
With the transition to renewable energy and a drive towards energy efficiency in Vietnam,SP Group is building on these developments to export and acquire expertise and assets in Vietnam. We set up an office in Ho Chi Minh City in 2020 to pursue sustainable energy solutions projects.

Why is SP investing in Vietnam?
Despite global economic uncertainty,SP is confident of Vietnam's continued long-term development. The deal marks SP's first investment in solar farm assets in Vietnam and is part of SP Group's green ambitions in Vietnam to invest and develop 1.5 Gigawatts (GW) of utility scale and rooftop solar projects by 2025.

Will BCG Energy Invest in solar power projects in Vietnam?
SP Group said in a statement: "SP and BCG Energy will also jointly explore opportunities to invest in other solar power projectsto enhance Vietnam's electricity supply capacity and support Vietnam's ambitious goal of increasing the rate of electricity produced from renewable energy sources to about 30 per cent by 2030."

How much green electricity can a solar farm produce in Vietnam?
The two solar farms located in the Phu Yen Province will generate 130 GWhof green electricity annually,amounting to an avoidance of 105,000 tonnes in carbon emissions each year. This is part of SP Group's ambition to invest and develop 1.5 Gigawatts (GW) of utility scale and rooftop solar projects in Vietnam by 2025.

What does sp do with the direct power purchase framework?
SP currently designs,deploys,and operates rooftop solar solutions that generate clean energy to green part of customers' energy mix. With this acquisition,SP will have the capability and expertise to help customers achieve 100% clean energy consumptionwhen the Direct Power Purchase Framework is in place.
