Phase change energy solutions Luxembourg

Phase Change Energy Solutions is a cleantech company that develops and manufactures innovative thermal energy storage systems. Their patented technology uses phase change materials (PCMs) to store thermal energy in a highly efficient and cost-effective manner.

Phase Change Solutions (PCS) is a global leader in the development and supply of phase change materials ("PCMs"). The company"s proprietary family of PCMs, collectively referred to as ...

Phase Change Solutions (PCS) is a global leader in the development and supply of phase change materials ("PCMs"). The company"s proprietary family of PCMs, collectively referred to as BioPCM®, has been certified with 100% bio-based content and listed among the USDA Biopreferred products.

Phase Change Solutions ("PCS") is a global leader in the development of temperature control and energy-efficiency solutions utilizing phase change materials ("PCMs").

Phase Change Energy Solutions (PCES) was formed in 2011 to pioneer plant-based, non-toxic, non-corrosive phase change materials that transition from solid-to-gel or solid-to-solid when ...

Phase Change Solutions is a global leader in temperature control and energy-efficient solutions, using phase change materials that stabilize temperatures across a wide range of applications.

Smart Materials for People & the Planet | Phase Change Solutions (PCS) is a smart materials company whose proprietary family of BioPCM® products decarbonize end use applications ...

With concerns for the environment and aspirations to create an energy-efficient future, Phase Change Energy Solutions (PCES) was formed in 2011 to pioneer plant-based, non-toxic, non-corrosive phase change materials that transition from solid-to-gel or solid-to-solid when they absorb and release heat.
