Power station home backup Germany

Where can I order a portable power station?
Visit us! You can order Portable Power Stations at Solar Power Supply. Portable, or as a UPS system at home. Backup energy for off-grid or emergency supply system at home.

Why should you choose bp2000 for your home battery backup?
When disasters strike,our home battery backup provides stable power and prevents devices from losing power completely. Even momentary power outages may result in data loss or hardware damage. BP2000 will restore power for your devices in less than 10ms whenever the electricity knocks out.

Is bp2000 a good battery backup for a balcony power plant?
Not only an expandable home battery backup but also offers a storage solution for your balcony power plant. BP2000 can be compatible with 99% of microinverters and solar panels on the market. If you already own a small-scale photovoltaic system that fits on balconies,or you plan to install it,then BP2000 may be the best storage solution for you.

Why do you need a home battery backup?
Natural disasters like hurricanes and rainstorms frequently disrupt power grids and leave homes without electricity. When disasters strike, our home battery backup provides stable power and prevents devices from losing power completely. Even momentary power outages may result in data loss or hardware damage.

Why are balcony power plants so popular in Germany?
Balcony power plants are extremely popular in Germany. In line with this,the storage solutionsfor balcony power plants are currently on everyone's lips and are very popular. In the modern world,having a reliable power source means you don't have to worry about disrupting your routine life.
