# Pylontech us5000 cabinet Marshall Islands

What is a pylontech us5000 lithium battery?
The new Pylontech US5000 lithium battery offers easy expansion with vertical installation of 39kg consoles. Using server racks or mounting brackets, it takes only seconds to add more energy storage. Fully sealed and insulated units are safe to install in any place around the house or commercial property.

How does the pylontech us5000c battery module work?
When added to an existing PV system,the Pylontech US5000C battery module works as energy storagefor the excess/unused electricity generated during the day. The energy stored in the battery is available to supplement or completely meet the electricity demand at night or when the power from the solar panels is insufficient.

Can a pylontech cabinet be used for a battery?
Whilst this cabinet is designed for the US5000-B battery,it can also be used for the Pylontech: US3000,H48074,US2000,H48050 &UP2500 modulesas the interlink cables are long enough to reach the 4RU tray spacing. External Dimensions:Height: 2060mm x Width: 900mm x Depth: 505mm Note: Batteries and Pylontech Hub sold seperately.
