Raja solar Brunei

Where is BSP's flagship solar PV plant located in Brunei?
BSP's Flagship Solar PV Plant,located at G11 along Jalan Tengah,Seriais the second solar plant in Brunei,featuring the latest technology in solar panels. The construction of the plant took over seven months,where almost 7,000 solar panels were installed on the four hectares of land. The 3.3MWp plant produced its first power on 30th March 2021.

How will solar power benefit Brunei?
The solar power generated is equivalent to the electricity consumption of approximately 600 households per year and will offset some of the power used by the BSP Head Office. On a national level,the power generated will contribute towards Brunei's target of producing 100MWp renewable energy by 2025.

Does Brunei have a solar city?
Brunei also intended to build the Temburong Smart City,which would mostly rely on solar energy and be dubbed the "Green Jewel of Brunei." However,Brunei has only put in 1.2 MW of solar as of now as a demonstration project. It's reasonable to assume that the implementation of renewable energy is still in its infancy.

How many solar panels are there in Brunei?
The 3.3MW BSP Flagship Solar PV plant at Jalan Tengah,Seria,is Brunei's second solar power plant. It was completed in 2021 and started to produce electricity on 30 March 2021. With almost 7,000 solar panels,it is capable of generating power equivalent to 600 houses. [7][8]Solar panels installed on a Brunei government building in Temburong.

What are the major solar installations in Brunei?
Major active solar installations in Brunei include the country's first,Tenaga Suria Brunei,launched in 2010 with a capacity of 1.2 MWp,and Brunei Shell Petroleum's 3.3 MWp solar plant,launched in 2021 to supply power to its headquarters. Both plants have plans for further expansion.

Is Brunei a sustainable country?
The Brunei government has pledged to enhance renewable energy, particularly solar PV, in order to assure the growth of sustainable energy. Brunei also intended to build the Temburong Smart City, which would mostly rely on solar energy and be dubbed the "Green Jewel of Brunei."
