Built a RAK Wireless solar enclosure node Built a small solar node using the Meshtastic starter kit. I like the small form factor of the RAK solar enclosures. Let''s see if the small solar panel can keep this thing charged. Here''s a video if you want to check it out: https: ...

Those are for holding the enclosure to the solar panel. In early iterations I made a design change that made it impossible to get a wrench under the enclosure to hold the nuts. The carriages slide under the lip of the panel, underneath each hole. Then you can screw down the enclosure without needing a wrench to hold the nuts.

It''s my latest solar enclosure based around a 3 watt solar panel and the RAK19004 Green Power module. What I like about this one is that it can be used for lots of different solar projects. ... RAK 4631 solar node (my setup on West Coast Scotland) Builds / Use Cases. 6: 2148: June 26, 2024 3d Printed Case for RAK4631. Builds / Use Cases. 12: ...
