Senegal phono solar

How many people in Senegal will get solar power?
Nearly 540,000 peoplein Senegal will get access to clean and affordable power following the launch of two solar photovoltaic (PV) plants,financed by IFC,the European Investment Bank and Proparco,under the World Bank Group's Scaling Solar program.

Will two solar plants be built in Senegal's southern Casamance region?
DAKAR,Nov 13 (Reuters) - Two solar plantswith a combined 60 megawatts (MW) capacity and battery storage will be built in Senegal's southern Casamance region to electrify rural areas,Africa-based project developer Axian Energy said on Wednesday.

Does Senegal need a solar power plant?
Senegal´s power sector has been historically reliant on costly fuel imports, with about 80 percent of its energy mix being oil-based. "The Kael and Kahone solar power plants exemplify our commitment to supporting Senegal's transition to cleaner, more affordable energy, while creating business opportunities for local communities.

How many jobs will the new solar power plants create in Senegal?
The addition of the solar power plants form part of the World Bank Group's Scaling Solar program and are funded by the International Finance Corporation (IFC),European Investment Bank and Proparco. The project estimates that more than 400 jobsin the towns benefit from the existence of the new solar power plants in Senegal.

Who sponsors Senegal's energy plants?
The two plants are sponsored by Engie,Meridiam,and the Senegalese Sovereign Wealth Fund for Strategic Investments (FONSIS). The competitive tendering was led by Senegal's Energy Regulatory Commission (CRSE).

What does Kael & Kahone mean for Senegal?
"The Kael and Kahone solar power plantsexemplify our commitment to supporting Senegal's transition to cleaner,more affordable energy,while creating business opportunities for local communities. These two projects are expected to provide the equivalent of 540,000 people with cheap,renewable electricity.
