The multiple ecological crises provoked by human activities are linked to and exacerbate the other political, social and economic challenges currently faced by North Africa. 1 In Western Sahara, these challenges and crises are shaped by its continued condition as a colony. This report aims to contribute to conversations on a just transition - that is, a transition to ...

In November 2021, the governments of the world will meet in Glasgow for the COP26 climate talks. At the same time, Morocco - the occupying power of Western Sahara - is erecting its largest energy project on occupied land to date: another step forward in its comprehensive plan to build controversial infrastructure on

the land it illegally holds.

More than eight years have passed since Siemens first issued a press release regarding a contract for construction of energy infrastructure in occupied Western Sahara. The company then described the territory as "Southern Morocco". Now, it has done that again. In a press release [or download] of early September, Siemens Gamesa Renewable Energy (SGRE) announced that ...

The Energy Guard® dock leveler weatherseal is the most effective way to protect your loading dock from multiple maladies -- energy loss, dirt, debris and pests among them. Our superior perimeter dock leveler seal closes off gaps between the dock leveler and concrete pit walls that are typically missed by traditional sealing options -- so no ...

Morocco risks implicating other states by exporting Western Sahara energy, for instance to the EU. The EU has promised not to import green energy from the territory, but is unlikely the EU will be able to differentiate energy generated in Morocco proper and energy generated in the occupied territory, as it will pass in cables under Strait of ...

These planned energy exports would make the European and West African energy markets partially dependent on energy generated in occupied Western Sahara. The Saharawi people are 500,000: around 30-40,000 live under the Moroccan military occupation and the rest live in the Tindouf refugee camp (the capital of the exiled SADR) in Algeria and some ...
