Seychelles enexus renewable

How does UNDP support the Seychelles Energy Commission?
Through the Climate Investment Platform,UNDP is supporting the Seychelles Energy Commission's initiative to make the adoption of renewable energy accessible to the population that would otherwise not be able to afford to do so.

What is Seychelles' energy policy?
Energy policy calls for 15% renewables by 2030. In June 2013,the first wind farm in Seychelles was officially inaugurated. This 6 MW power plant can produce up to 2% of the Seychelles' power and is located on Mahé Island. It is expected that the wind farm will replace 1.6 million litres of diesel fuel annually.

How is electricity produced in Seychelles?
Electricity for the island nation of Seychelles is primarily produced by diesel generatorswhich must import their fuel (69 MW on Mahe and 12 MW on Praslin). Energy policy calls for 15% renewables by 2030. In June 2013,the first wind farm in Seychelles was officially inaugurated.

What is a people-centred energy transition in Seychelles?
An exciting people-centred energy transition is underway in Seychelles,an archipelago of 115 islands off East Africa in the Indian Ocean. Spearheaded by the Seychelles Energy Commission,the PV democratisation 2.0 projectis the recipient of the Climate Investment Platform's Thomas Jensen Energy Transition Award.

What does the Seychelles government do?
The Seychelles Government is committed to providing adequate,reliable and affordable energyto meet future energy consumption needs and to underpin strong economic growth through consumable energy initiatives. The Seychelles enjoy favourable conditions for renewable energy (RE) resources,such as wind and solar.

Is a 100% renewable Seychelles power supply possible?
The study 'A 100% Renewable Seychelles' (Hohmeyer,2016) indicates that a power supply solely from renewable sources is technically feasible. With regards to the three islands,Mahé as the main island enjoys the service of a reliable electricity system,which services practically every citizen and has very few downtimes.
