Frazer Solar developed a mutlifaceted project that would dramatically improve the situation by reducing electricity imports. This involved the installation of solar water heaters, solar PV and LED lights with the provision to incorporate large-scale batteries in off-grid and grid-tied applications.

This initiative, which included the Foundation"s funding of eight solar lights, aims to improve students" study conditions by providing reliable, eco-friendly lighting in areas with limited electricity. The impact is already being felt, with teachers, parents, and students expressing gratitude for this vital support in enhancing education.

Bei einem Besuch des Projektpartners Solar Lights in Lesotho machte atmosfair sich ein persönliches Bild vom aktuellen Fortschritt des Projektes. Das Projekt wird weiterhin stark ausgebaut und auch Familien in den entlegensten Dörfern des Lesotho Hochlandes können die hochwertigen Solarsysteme durch eine zinsfreie Ratenfinanzierung erwerben.
