According to Pierre El-Khoury, General Director of the Lebanese Center for Energy Conservation, Lebanon"s total solar power generating capacity has increased eight-fold since 2020. Solar panels were available before 2019, but few people opted to install them, since electricity supplied by EDL and private generator providers was cheaper. In ...

Our solar thermal panels are designed to work alongside your existing boiler. If you"ve got a system or regular boiler and a solar-compatible hot water cylinder, you"ll get the best results. Solar cylinders have two heating coils, allowing one to be connected to the boiler central heating system and one to the Greenskies solar thermal system.
