Super dynapower Congo Republic

How much power does DR Congo have?
According to the latest figures from the International Renewable Energy Agency,DR Congo only had 20 MWof installed PV capacity at the end of 2020. The country has one of the lowest levels of access to electricity in the world,with only 9% of the population being supplied with power. This percentage in rural areas drops to as far as 1%.

When will DR Congo's solar power plants be built?
The plants are to be built by the Moyi Power joint venture and are expected to be completed within 18 months after the start of construction. According to the latest figures from the International Renewable Energy Agency,DR Congo only had 20 MW of installed PV capacity at the end of 2020.

Why is the DRC a good country?
The DRC's economy is supported by mining of cobalt; the country is the world's largest cobalt miner. It also is positioned to become one of the world's leading miners of lithium,and is among the top five producers of industrial diamonds.

Strategically positioned as a hub for international energy partnerships, the Republic of Congo (RoC) has attracted significant investments and expertise from global ...

The Republic of Congo taxes its residents on their worldwide income and taxes non-residents on their Congolese income. An individual domiciled in the Republic of Congo, whether of Congolese or foreign nationality, is liable for personal income tax (PIT) on one"s worldwide income. Tax treaties may exempt specific types of foreign-source income ...

The Democratic Republic of the Congo (DRC) levies taxes on resident companies and individuals on a territorial basis (or source basis) of taxation. Foreign-sourced profits (e.g. dividends received from a foreign subsidiary) are thus exempt from CIT.

Peter Pollak, Dynapower CEO, added: "For over 50 years we have deployed our power electronics around the world and pioneered the development of energy storage inverters, including the first UL-1741 listed smart inverter. We are excited to bring our technology and know-how to India as well as the SAARC countries as part of the agreement."
