In Oct 2022, SINOSOAR, a Chinese firm was awarded a work to develop 500 KWp solar micro-grid project in Suriname.10 98.2% of the population in Suriname had access to electricity as of 2020.11 The Electricity Act of 2016 regulates the power market including technical and financial situations and floating tenders

Suriname xianke solar

In addition to the solar panels, the installation includes a solar water heater. This energy-efficient system ensures a constant supply of hot water, powered entirely by the sun. The solar water heater not only contributes to reducing energy bills but also supports a greener lifestyle by lowering the household"s carbon footprint.
