# Vensys energy Liechtenstein

Where is VENSYS Energy AG based?
VENSYS Energy AG is based in Germany. There you can find him in town Neunkirchen - Wellesweiler. In addition to this,there are 126 more manufacturers from Germany listed with us. The address of VENSYS Energy AG is Neunkirchen - Wellesweiler,66539,Im Langental 6.

Who makes VENSYS wind turbines?
Vensys Energy AG (stylized as VENSYS) is a German gearless wind turbine manufacturer which is majority-owned by Chinese turbine manufacturer Goldwind.  Vensys licenses its products to several non-European manufacturers of wind turbines. In addition,Vensys itself manufactures plants on a small scale at its headquarters in Neunkirchen,Saarland.

Where can I find information about VENSYS energy?
This information is available in the PitchBook Platform. To explore Vensys Energy's full profile,request access. Information on acquisition,funding,investors,and executives for Vensys Energy. Use the PitchBook Platform to explore the full profile.

What is VENSYS technology?
VENSYS technology is based on the idea of generating a maximum amount of energy while minimizing losses. Our robust turbines which have stood the test of time all over the world are the first choice not only in extreme climates and where infrastructure is poor.

How do I contact VENSYS Energy AG?
In the Internet the manufacturer VENSYS Energy AG can be found via the website  The phone number of the manufacturer is +49 6821 9517-0. Faxes are received via +49 6821 9517-111. By e-mail contact can be made via info@vensys.de. Even if we try to keep the contact information up to date,we can not guarantee correctness.

How many wind turbines does VENSYS Energy AG produce?
With us you will find facts and photos to 20 wind turbinesproduced by VENSYS Energy AG. These include 62/1200 (1,20 MW),70/1500 (1,50 MW) and 77/1500 (1,50 MW),among others. We have 171 pictures of VENSYS Energy AG wind turbines and models. The wind turbine with the highest rated power is the Vensys 175/7800 with 7,80 MW.
