Zem energy RÃ©union

Does Volvo Penta own Zem?
Volvo Penta is expanding its capabilities, experience, and range by becoming the majority shareholder of Norwegian marine battery and electric driveline solutions supplier ZEM. "Joining forces with Volvo Penta marks the start of an exciting new phase for ZEM," says Jan-Olaf Willums, founder of ZEM.

Which Zem ships have a battery system?
ZEM is proud to have delivered the battery systems for the SMM 2016 ship of the Year,Vision of the Fjords(pictured above),as well as the 2018 ship of the year,the Future of the Fjords,and the latest addition,Legacy of the Fjords.

How will the collaboration between Volvo Penta and Zem grow?
The collaboration between Volvo Penta and ZEM is expected to grow gradually. "I look forward to working with Volvo Penta. This will allow us to grow,with regards to both technology and channels for sales and aftermarket support," says Egil Mollestad.

What did Zem do for Eidesvik?
ZEM was also responsible for delivering batteriesto Eidesvik's "Viking Queen" and "Viking Energy" Off-shore supply vessels - the first commercial implementations of peak shaving solutions of its kind - helping to achieve more than 20% fuel savings during battery operations.

What are Zem's akazem solutions?
ZEM's most recent line of AKAZEM solutions are also powering a new generation of smaller ships and ferries, including Norsafe's E-GES electric life boat and Moen Marin's electric and hybrid fish farming vessels.

The hybrid project features a 98MWdc solar PV project and a 20MW/40MWh battery energy storage system (BESS). Enel Green Power Australia acquired the solar-plus-storage project in late 2022 and ...
